CA PAYAL SARDA RATHI

As we move closer to the grand finale, our vision extends beyond this event. We aspire to select 80 deserving children who will be offered a comprehensive mentorship and sponsorship program, supporting them from the age of 18 until the successful completion of their higher education and personal aspirations.

This noble initiative, however, is only possible with the continued support of our well-wishers, benefactors, and donors. Your encouragement and contributions remain the backbone of our mission, enabling us to nurture hidden talent and transform lives. We sincerely look forward to your unwavering support in making this vision a reality.

Nurturing Talents, Health, and Togetherness

This quarter at Care For You Foundation has been a vivid celebration of growth, learning and community. Our programs have once again shown how focused care, joyful experiences and meaningful opportunities can transform young lives. From health initiatives to cultural celebrations and immersive training, each activity reaffirmed our belief that every child deserves the chance to discover their potential.

NEHA PUTHRAN

Our Dental Camp brought preventive care directly to the children—combining screenings with sessions on oral hygiene, brushing techniques and healthy eating. These moments of education and reassurance do more than protect teeth: they build confidence and lifelong habits that support overall wellbeing.

Talent and creativity found a brilliant spotlight this quarter. The “Hunt for the Secret Superstar” semi-finals in Ahilyanagar turned the community into a stage for the young to shine. Whether through painting, crafts, song or general knowledge, our participants demonstrated curiosity, skill and fearless self-expression. The excitement reached a high point at the live performance of the Singing Superstar finalists at Tim Luck Luck restaurant, where their music moved the audience and reminded us why it is so important to create platforms for emerging artists.

Editors message

Nurturing Talents, Health, and Togetherness

Janmashtami celebrations brought traditions to life through song and play, while Independence Day saw our children offer a stirring musical tribute to the nation. These gatherings do more than mark occasions; they root children in shared heritage and instill values of unity, pride and service.

NEHA PUTHRAN

Perhaps most transformative was our two-day residential training camp—an immersive space for teamwork, discipline and self-discovery. Children learned new painting and craft techniques that sparked creativity and confidence. The blend of hands-on art sessions and collaborative challenges helped friendships form, self-esteem grow, and talents flourish.

None of this progress would be possible without the dedication of our donors, volunteers and staff. As we look forward, Care For You Foundation remains committed to fostering the physical, intellectual and creative wellbeing of every child in our care. Together, we will keep building opportunities so that each child can walk toward a future full of hope, health and promise.
